Please be advised that on Tuesday, January 23, 2001 at approximately 8:53 AM on the Philadelphia Fox Television Station (WTXF), full frontal male and female nudity was broadcast as a part of a News Program.

I consider this to be a violation of the Obscenity Law and would like this matter investigated as to why Fox News Philadelphia deemed this frontal nudity to be acceptable for a morning news program. I am concerned that no warnings were given that this frontal male and female nudity would be shown.

Please keep me advised as to the outcome of this investigation.

Thank you.
